Julien Ferdinand

Software Engineer - Looking for a 6-month part-time from Sep 2026

Hi, I'm Julien, a 4th-year software engineering student from France, currently on exchange in South Korea, at Inha University. I specialize in C++ and full-stack development, with experience in React and various web frameworks. I am a responsible and dedicated professional, eager to apply my technical skills and international experience in software engineering.

Team work

Work Experience

Epitech - Pedagogical Team
Apr 2025 - Jul 2025

4-month contract supporting students daily, with increased responsibility including exam monitoring, project evaluation, and final grading.

Epitech - Pedagogical Assistant
Feb 2024 - Mar 2025

Two 6-month internships as a pedagogical assistant, supporting students daily alongside my studies.

SAAS Partner - Symfony Developer
Jul 2023 - Dec 2023

Starting my second year with a six-month internship was challenging, strengthening my time management and problem-solving skills.
